Briefer and Updates on the Philippine Identification System (PhilSys)

FRED S. SOLLESTA

OIC-Assistant National Statistician

Civil Registration Service

PHILIPPINE STATISTICS AUTHORITY

Objectives

Republic Act No. 11055, also known as the **"Philippine Identification System Act,"** aims to establish a single national identification system to:

provide a **valid proof of identity** for all Filipino Citizens

eliminate the need to present other forms of identification

Key Components

- **PhilSys Registry**

- **PhilSys Number (PSN)**

- **PhilID**

PhilSys Registry

▶ It contains the demographic and biometric data, and PhilSys Number (PSN).

Demographic Data

- Full Name
- Sex
- Date and Place of Birth
- Blood Type
- Address
- Filipino or Resident Alien
- Marital Status, Mobile Number and Email Address (all optional)

Biometric Data

- Front-facing Photograph
- Ten (10) Fingerprints
- Iris Scan

PhilSys Registry

▶ For children **below five (5) years old**, only the demographic information and front-facing photograph shall be collected.

▶ For children aged five (5) to fourteen (14) years, including those who have been registered at age four (4) or below, shall be recaptured at the age of fifteen (15).

PhilSys Number (PSN)

▶ A **randomly generated**, **unique**, **and** **permanent identification number** that will be assigned by the PSA to every citizen or resident alien upon birth or registration.

Deactivation of PSN

- Loss of Filipino citizenship or Resident Alien status
- Failure to submit to biometric capture at age five (5) or fifteen (15) who were initially registered
- Death of the Registered Person
- Upon request of the Registered Person
- In cases of fraud or identity theft, the PSA may also deactivate a PSN upon official investigation

Reactivation of PSN

- The PSN may be reactivated upon submission of satisfactory proof for its reactivation under the guidelines to be set by the PSA.

PhilID

▶ A non-transferable card that shall preferably be issued to all citizens or resident aliens registered under the PhilSys and is **permanently valid.**

Features
PCN, Full Name, Sex, Date of Birth, Place of Birth, Blood Type, Address, Marital Status, and Front-Facing Photograph
QR Code

REPUBLIKA NG PILIPINAS
Republic of the Philippines
PAMBANSANG PAGKAKAKILANLAN
Philippine Identification Card

PCN 1234-5678-9101-1213

- The PhilID may be replaced upon loss, damage or change of entries or renewed upon recapturing or updating of biometric information.

IMPLEMENTATION PHASES

IDnatin

LAUNCH	RAMP-UP	SUSTAINED MAXIMUM EFFORT	RAMP-DOWN FOR STEADY STATE
September 2019 to June 2020	July 2020 to December 2020	January 2021 to June 2022	July 2022 to December 2022
Preparatory Stage and Pilot Testing	Start of Mass Registration	Registration of most Filipinos and Resident Aliens, Start of Overseas Registration	Registration of the last mile of population, Continuous registration for Replacement and Renewal

Full registration of almost all Filipino citizens and resident aliens is targeted by 2022.

2020 1st Quarterly Seminar & Meeting
Punta Villa Resort, Iloilo City
March 11-14, 2020

Summary of Pilot Test Registration

Total No. of Days of Capture: **30 days**

Total No. of Registered Persons: **10,166 persons**

Agency	Capture
PSA	1453
House of Representatives	3275
DOF	685
DBM	1103
DSWD	1465
NEDA	644
Bureau of Treasury	380
DBM PS-GPPB	333
DICT	680
DSWD Beneficiaries	148

Authentication

- Definition
- Types
- Methods
- Pilot use cases

Authentication

- It refers to the process of verifying, whether online or offline, the identity of an individual against the registry information in the PhilSys or PhilID.

- The PhilSys' main digitized process is through **authentication** facilitated by the PSN or PhilID.

Online

- the process by which the identity of an individual is validated real-time against the PhilSys Registry by the requesting entity through secured connectivity.

Offline

- the presentation of the PhilID and the matching of the data stored in the QR code will be used to validate the identity of the registered person for transactions and services.

Authentication

Methods

- PhilID/Mobile ID taken at face value (offline)

- Fingerprint, facial or iris 1:1 matching (online)

- One-time password (OTP) through SMS (online)

- Validation of Mobile ID (online)

- E-KYC, i.e. sharing limited demographic data and photo, as determined by law, following a successful authentication (online)

Pilot Use Case Agencies

- Application to Unconditional Cash Transfer (UCT)
- Availing of UCT

- Membership registration
- Health claims

- Loan application

- Loan application
- Opening of bank accounts

Data Privacy and Security

Adherence to Privacy-by-Design principles and National Cybersecurity Plan of the Philippines

NPC and DICT as member agencies of PhilSys Policy and Coordination Council (PSPCC)

Designation of Data Protection Officers

Conduct of Privacy Impact Assessment

Development of Data Governance Framework
